CFPB Conference Call on the Recent CFPB Compliance Bulletin on Social Security Disability Income Verification:

“More than 15 million people receive Social Security disability income each year, and more than 4 million veterans and their surviving spouses receive disability income from the Department of Veterans Affairs related to military service. For those receiving this income, qualifying for a mortgage can be a burden when lenders or their agents ask for unnecessary benefit details. Some applicants have reported being asked for information about their disability or even for statements from their physicians about the likely duration of their disability. Join senior staff from the Consumer Financial Protection Bureau (CFPB) and Department of Labor’s Office of Disability Employment Policy (ODEP) for a closed-press conference call to discuss the recent [CFPB Compliance Bulletin](#) on Social Security Disability Income Verification.

Time: 1:00pm - 2:00pm EST
